Re: 2019 School Garden Scholarships

The Santa Maria Chapter of California Women for Agriculture will have funds available for School Garden Scholarships for 2019. These awards may be used to start a new school garden or to fund an existing garden. Enclosed please find a copy of the application we would like to distribute to schools.

Applications must be mailed to the address below and postmarked by January 25, 2019. Schools will be notified of their award in February 2019.

Please approve this application process and inform us when you do so. We would like to distribute the application to principals and instructors in November. Additional copies of the application form may be obtained at our website: [www.santamariacwa.com](http://www.santamariacwa.com)

Thank you,

Lauretta Griffin, 2018 Committee Chair
